Attention: BC Soccer Full/Associate Members and Affiliated Soccer Clubs

From: Jason Elligott, Executive Director, BC Soccer

Re: Return to Play Phase 1 - Q & A Webinar follow up

Dear Full/Associate Members and Affiliated Clubs,

We continue working to provide information and updates as things change and evolve to best support you as we collectively work through the ongoing impacts of the current situation.

Thank you to those Members and Affiliated Clubs that signed-up for and attended our Return to Play Phase 1 Question and Answer Webinar that we held yesterday. For those of you who missed it, we are pleased to share a recording of the webinar on BC Soccer's Return to Play Information page of the website - <https://bcsoccer.net/return-to-play-information>

One of the takeaway questions that came up was related to municipalities and liability coverage. We have since followed up and received confirmation from Via Sport that municipalities are considered an essential service and, thus covered by a different order.

That order is here: http://www.bclaws.ca/civix/document/id/mo/mo/2020_m094

The news release explaining it is here: <https://news.gov.bc.ca/releases/2020AG0029-000616>

The essential service list is here: https://www2.gov.bc.ca/assets/gov/family-and-social-supports/covid-19/list_of_essential_services.pdf

Municipalities are covered on page 7 (q) of the pdf above.

Kind regards,

Jason Elligott
Executive Director
BC Soccer
