

Provincial Program Brief

The Provincial Program is designed to bring together identified players from the BC Soccer Premier League (BCSPL) into training and game environments. The program's focus is player centered, not team centered and aims to support each player's development while also creating an overall environment that allows scouting opportunities by Universities, Colleges, professional programming and ultimately the Canada Soccer's youth national teams programming.

The Program is recognized as the highest level of selection for the U13 – U18 age groups in BC and is supported by the BCSPL and supports Professional and National team programming. There are two phases annually within each calendar year; January to July, and August to December. Each phase consists of up to ten games and one camp. At the end of each Phase (December and July), players who have participated in at least one game, training sessions, or one camp during the Phase will receive a BC Soccer Player Progress Report. The Player Progress Report has been designed to support the players in identifying areas of strength and areas to improve upon within their BCSPL Club activity. The report is also shared with their respective BCSPL Club Technical Director.

In line with Canada Soccer's Long-Term Player Development guidelines, the Provincial Program is primarily focused on the individual player and not the team. The rationale for this is that players develop at different rates, stages and ages, thus each player experiences a unique development path.

The Program commits to the following four key responsibilities:

1. To promote a Player First Mentality.
2. To support the Canadian Soccer Association's, Long Term Player Development Principles.
3. To provide a Clear and Recognized Pathway for players to be developed, identified and promoted within.
4. To maintain and enhance Technical Standards across the four corners of development; (Technical, Tactical, Physical and Mental).

Player Selection Process

Players are identified and selected to the program through the BC Soccer identification network which includes the following options*:

1. BCSPL Club Team Head Coach recommends players to the Club's Technical Director, who in turn recommends the players to BC Soccer.
2. The player is identified in a BCSPL match by a BC Soccer's soccer development staff member.
3. The player is identified in a BCSPL match by a professional youth programming staff member.
4. The player is identified by a Canada Soccer's youth national programming staff member.
5. The player is identified on their prior performance within the BC Soccer Provincial Program.

BC Soccer works to ensure all players that have been recommended are provided at a minimum participation in one game and/or camp within the year. Due to the number of players that are recommended to BC Soccer to participate in the Provincial Program, BC Soccer relies on the individual scoring provided within the BC Soccer Player Profile criteria provided by the recommending individual/organization.

It is important to note that players may be selected for a game and then not involved in the next game and then may be in a future game or a camp; this is not necessarily a negative for the player but rather a result of BC Soccer's wider responsibility to have more recommended players involved in the Provincial Program.
