

Making Ethical Decisions

Canada Soccer is in partnership with Coaches Association of Canada who tracks coach certification levels for all sports in their database called 'The Locker'. The Locker database records coaches who have taken soccer-specific workshops and evaluations as well as the NCCP multi-sport module called Making Ethical Decisions (MED).

By successfully completing the NCCP Make Ethical Decisions training, coaches will be fully equipped to handle ethical situations with confidence and surety. The training helps coaches identify the legal, ethical, and moral implications of difficult situations that present themselves in the world of team and individual sport.

Upon completing the NCCP Make Ethical Decisions training, coaches will be able to analyze a challenging situation and determine if it has moral, legal or ethical implications; and apply the NCCP Ethical Decision-Making Model to properly respond to situations in a way that is consistent with the NCCP Code of Ethics.

Coaches who wish to obtain 'Certified' status in the NCCP coach database, are required to complete the NCCP Making Ethical Decisions (MED) online module in addition to the soccer-specific workshop and evaluation requirements. This module is offered through Coaches Association of Canada requires meeting a minimum passing grade of 75%.

Coaches only need to complete this once in their pathway. Coaches may choose to complete the training first, which is offered in-person or through home study options. If you complete the training, the online MED evaluation is free of charge and you have unlimited attempts to meet the minimum passing grade.

Alternatively, coaches who do not wish to take the training, there is a cost to challenge the online MED evaluation and coaches only have 2 attempts to meet the minimum passing grade of 75%. In the case that a coach is unsuccessful, he/she will be required to take the training prior to trying again.
