

## **Provincial Program Brief**

The Provincial Program selects players in the U15-U18 age groups. There are two phases annually within each calendar year and players can be selected for January to July, and/or August to December. Each phase consists of training sessions, match play, and camp activity. At the end of each Phase (December and July), players who have participated in training sessions receive a BC Soccer Player Progress Report. The Player Progress Report has been designed to support the players in identifying areas of strength and areas to improve upon within their Club activity. The report is also shared with their respective Club Technical Director. In 2022, in alignment with the introduction of League 1 BC, BC Soccer will be extending the program to include the U19 to U21 combined age group. This part of the Program will consist of match play and players that participate receive a BC Soccer Player Performance Report that will be made available upon request to Professional Clubs in the Canadian Premier League (CPL), Major League Soccer (MLS), and the National Women's Soccer League (NWSL), along with Canada Soccer National Programming.

The Program commits to the following four key principles:

1. To promote a Player/Person First Approach.
2. To support the Canada Soccer's, Long Term Player Development Principles.
3. To provide a Clear and Recognized Pathway for players to be developed, identified, and supported within.
4. To continually review and enhance all technical services provided to the players within the program.

## **Player Selection Process**

Players are identified and selected to the program through the BC Soccer identification network which includes the following options\*:

1. BC SPL Club Team Head Coach recommends players to the Club's Technical Director, who in turn recommends the players to BC Soccer.
2. The player is identified in a BC SPL match by a BC Soccer's soccer development staff member.
3. The player is identified in a BC SPL match by a professional youth programming staff member.
4. The player is identified by a Canada Soccer's youth national programming staff member.
5. The player is identified on their prior performance within the BC Soccer Provincial Program.

BC Soccer works to ensure that all recommended players are provided at a minimum participation in one game and/or camp within the year. Due to the number of players that are recommended to BC Soccer to participate in the Provincial Program, BC Soccer relies on the individual scoring provided from the Club on the BC Soccer Player Profile criteria provided by the recommending individual/organization.

It is important to note that players may be selected for a game and then not involved in the next game and then may be in a future game or a camp; this is not necessarily a negative for the player but rather a result of BC Soccer's wider responsibility to have more recommended players involved in the Provincial Program.

The following players were selected to the BC Soccer Provincial Program within 2021.
