

BC Soccer Policy

Policy Type	Operational Policy
Created	
Revised	June 2022
Reviewed	Annually
Policy Name	Concussion Policy

Policy Statement

BC Soccer believes in the health and safety of all players and fully supports and requires all members and affiliated organizations to have a “Concussion Management Plan” for all registered participants that aligns with [Canada Soccer’s Concussion Policy](#), adopted by BC Soccer.

Purpose

To ensure BC Soccer members and affiliated organizations know they must have an effective “Concussion Management Plan” in place to protect the health and safety of BC Soccer affiliated players.

Standards

- Annually member organizations and affiliated organizations will ensure players, with their parent(s)/ guardian(s) if the player is under the age of 18, are educated about the signs and symptoms of concussions.
- Players, with their parent(s)/ guardian(s) if under the age of 18, must acknowledge that they have received information about the signs and symptoms of concussions and that they have a responsibility to report concussion-related injuries and illnesses to an independent medical professional.
- Ensure players, with their parent(s)/ guardian(s), if the player is under the age of 18, who exhibits signs, symptoms or behaviors consistent with a concussion will be removed from athletic activities (e.g., competition, practice, or physical conditioning sessions) and assessed by an independent medical professional with experience in the evaluation and management of concussions.
- Require medical clearance for a player, with their parent(s)/ guardian(s) if the player is under the age of 18, diagnosed with a concussion to return to athletic activity (e.g., competition, practice, or physical conditioning sessions) as determined by the independent medical professional.
- Require players, with their parent(s)/ guardian(s) if the player is under the age of 18, diagnosed with a concussion to provide written evidence of medical clearance to the team’s coach and also the local club, youth district, or adult league before returning to athletic activity (e.g., competition, practice, or physical conditioning sessions)
- Anyone with suspected concussion following an injury must be immediately removed from playing or training and receive a prompt assessment by a medical doctor or nurse practitioner.
- All Concussion Management Plans (and/or policies) must align with Canada Soccer’s Concussion Policy and have a clear protocol on Concussion Management.
- Registered coaches must complete the “[NCCP Making Head Way in Sport](#)” eLearning Workshop

Definitions

- **Concussion:** A type of traumatic brain injury caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move rapidly back and forth
