1. Introduction

a. Purpose

The purpose and objectives of the BC Soccer Grading Protocol and Referee Pathway are to:

- Ensure that grades are meaningful and standardized across the province.
- Ensure that game assignments reflect BC Soccer Grading Protocol.
- Provide effective tools for identifying Referees for Clubs, Districts, Assignors, and members of the Development Support Team.
- Define the requirements for upgrading and maintenance of each grade.
- Outline levels of competition associated with each grade.
- Standardize assigning across the province.

The Grading Protocol will be integrated over two steps. Please note, the duration of each step is currently not defined by any length of time. Step (1) One introduces this Grading Protocol as recommended guidelines and best practices. With the intent to make the Grading Protocol in Step (2) Two mandatory across the province. It is important to note that grades are based on Referee standards and may not reflect as an Assistant Referee. This will be addressed in Phase 2 of this process. It is imperative to understand the Grading Protocol and requirements. This document should be reviewed in its entirety.

BC Soccer reserves the right to re-evaluate and adjust grading as required.

b. Grade Audit Timeline

As important as establishing requirements for each Grade are, it is also necessary to ensure grades are updated within a timeframe that allows Referees to meet requirements and prepare for their next developmental stage. The following timelines will be administered to review annually and correctly adjust grades:

Date Range	Description
April of current year	Auto Adjustment of the following grades based on the grade criteria obtained by March 31 st of the current year. <ul style="list-style-type: none"> • Grade 3 to Grade 4 or 5. • Grade 4 to Grade 5.
December of current year	<ul style="list-style-type: none"> • Annual Review of all Grades • Review of Grades based on Upgrading Requirements and Maintenance Requirements obtained by November 30th of the current year.

2. The Pathway

a. Overview

The Referee Pathway highlights two streams at the provincial level comprised of the Community and Performance Pathways. Each pathway contains within it their respective grades as they relate to various criteria and requirements of the specified grade. The Referee Pathway was developed to highlight classifications and clear direction for referees who aspire to attain their own personal officiating career goals. The National and FIFA streams are supported through Canada Soccer.

b. Community Pathway

Grade 1-4

The Community pool highlight students entering the Referees stream through compulsory entry level education courses to build the foundation of officiating basics. The classifications highlighted within this stream are Small Sided and Youth District officials.

Grade 5-6

Community District pools highlight Referees who aspire to continue to move up the Development Pathway or highlight Referees who are maintaining requirements to officiate affiliated leagues for their classification. The classification highlighted within this stream are District officials.

c. Performance Pathway

Grade 7-8

District Performance pools highlight Referees exiting the Community Pathway and aspire to continue to move up the Performance Pathway or highlight those who are maintaining requirements to officiate affiliated leagues for their classification. The classification highlighted within this stream are District officials.

Grade 9-10

The Regional and Provincial Performance pools highlight Referees who aspire to continue to progress up the Performance Pathway for National and International promotion or who are maintaining requirements to officiate affiliated leagues for their classification. The classifications highlighted within this stream are Regional and Provincial officials.

d. Grades at-a-Glance

The following chart provides grading requirements and criteria at-a-glance. It is important to note that officials have the ability to progress through each grade provided that they meet the criteria within them. Exceptional individuals may be fast tracked upon recommendation.
