

Provincial Program Brief

The Provincial Program is designed to bring together identified players from the BC Soccer Premier League (BCSPL) and wider membership into training and game environments. There are two phases annually within each calendar year and players can be selected for January to July, and/or August to December. Each phase consists of training sessions, and match-play activities (Identification Matches and Development Group Matches). In line with Canada Soccer's Long-Term Player Development guidelines, the Provincial Program is primarily focused on the individual player and not the team. The rationale for this is that players develop at different rates, stages, and ages, thus each player experiences a unique development path. In addition to supporting each player's development, the program also aims to create an overall environment that allows scouting opportunities by Universities, Colleges, professional programming, and ultimately Canada Soccer's youth national teams programming.

The Program commits to the following four key principles:

1. To promote a Player/Person First Approach.
2. To support Canada Soccer's, Long Term Player Development Principles.
3. To provide a Clear and Recognized Pathway for players to be developed, identified, and supported within.
4. To continually review and enhance all technical services provided to the players within the program.

Coach Selection Process

BC Soccer's soccer development staff lead (Appendix d) the Provincial Program with additional coaches who are either recommended by the BCSPL Club they coach within based on meeting and exceeding BC Soccer's Coach Profile Criteria or an apprentice coach who has been a former player within the program. Final coach selections for the Provincial Program are completed by BC Soccer. With the intent to provide more opportunities for female coach participation and development within the province, BC Soccer has developed a female coach position whereby candidates who meet the criteria can apply to be involved within our Provincial Program. BC Soccer's goal with this initiative is to empower female coaches while providing them with new skill sets and experiences that can be shared back into the BC Soccer membership.

Player Selection Process

Players are identified and selected for the program through the BC Soccer identification network which includes the following options*:

1. The BC SPL Club Team Head Coach recommends/ranks players to the Club's Technical Director, who in turn recommends/ranks the players to BC Soccer.
2. The player is identified in a BC SPL match by a BC Soccer's soccer development staff member.
3. The player is identified in a BC SPL match by a professional youth programming staff member.
4. The player is identified by a Canada Soccer's youth national programming staff member.
5. The player is identified on their prior performance within the BC Soccer Provincial Program. The following players were selected for the BC Soccer Provincial Program in 2022.
