INTRODUCTIONS

Purpose

The Referee Instructor Program is based on the delivery of theoretical and practical education to individuals looking to become a referee and for the ongoing development of currently accredited officials (registered referees).

The Referee Instructor Program is a key component of BC Soccer's commitment to providing Instructor education training and development for all Instructors across British Columbia. This program is designed to support BC Soccer's member organizations and affiliated Clubs to meet the demand of training Instructors in every region of BC and all soccer communities.

Objectives

BC Soccer is responsible for the accreditation and training of Instructors as determined by Canada Soccer in accordance with the criterion outlined below. The objectives of the Instructor Program are to:

- Ensuring development and training of Instructors is standardized and consistent across the province.
- Define the requirements for obtaining, upgrading and maintenance of each classification of Instructor.
- Ensure development and training of Instructors is accessible.
- Ensure uniformity in methodology, techniques and delivery of instruction across all curriculum as it relates to the Laws of the Game.

Classifications

There are five (5) levels of Instructor classifications as outlined below.

1. In-Club Instructor

Instructors who have received the Introductory Instructor Accreditation and have demonstrated the ability to instruct the Small Sided Clinic and Co-Instruct the Entry Level clinic to the standards determined by BC Soccer through the Accreditation process.

The In-Club Instructor services BC Soccer's Member Organizations and Affiliated Clubs to help train their Referees at the Grassroots level. Our vision is to empower all organizations to designate technical leads who are responsible for overseeing Referee development within their organization by becoming trained as a BC Soccer In-Club Instructor. In this way, they can be qualified to deliver the various Grassroots Referee education sessions with an '**In-Club**' delivery model.

It is recommended that In-Club Instructors are either current Club Head Referees and/or endorsed by a club official (Club Head Referee, Club President or Executive Director) with the understanding that once training has been completed, this individual will be responsible for coordinating and delivering Referee training and development to the respective club according to its needs. Endorsements can be emailed directly to [Hagen Herold](#), Referee Development Coordinator, with the name of the individual applying to the Instructor Accreditation clinic.

2. District Instructor

Instructors who have received the Introductory Instructor Accreditation and have demonstrated the ability to instruct the Entry Level Clinic and Refresher Courses to the standards determined by BC Soccer and/or Canada Soccer through the Accreditation process.

3. Regional Instructor

Instructors who have completed a minimum of two (2) consecutive years as a District Instructor, attended In-service training, and whose instructional ability, having been evaluated by the Provincial/Territorial Association, meets the standard as determined by Canada Soccer to instruct at in-service training courses for Match Officials up to and including Regional Match Officials.

4. Provincial Instructor

Instructors who have completed a minimum of two (2) consecutive years as a District and/or Regional Instructor, attended In-service training, and whose instructional ability, having been evaluated by BC Soccer, meet the standard as determined by the Canada Soccer from time to time, to instruct at In-service training courses for Match Officials up to and including Provincial Match Officials.

5. National Instructor

FUTURO III accredited Instructors and those Instructors who satisfy the criteria established by Canada Soccer following nomination by a Provincial/Territorial Association, and those instructors who satisfy the criteria as determined by Canada Soccer with outstanding ability to instruct at in-service training courses and events for Match Officials up to and including National List Officials.
